

# COUNTING MACHINE

## Multicount

**COLLISCHAN**  
WEIGHING TECHNOLOGY

The high performance counting machine Multicount combines all technical relevant opportunities of counting tablets, capsules, dragées etc. without changing product-specific change parts.

The feed system consists of 2 x 3 in series placed vibratory feeder each with 6 tracks.

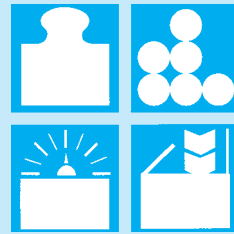

- Multi processor control
- 1000 program memory storage
- coloured touch screen display
- cGMP Design
- power lift for adjustment of filling height
- tool-less and quick removable contact parts
- pneumatic locking mechanism for the vibratory feeder

### Options:

- automatic container delivery
- 21 CFR part 11 compliance
- vibrating funnels
- skipping funnels
- Tare-gross application
- IQ/OQ documentation
- reject with confirmation sensor
- Complete production lines with unscrambling table, bottle unscrambler, bottle air cleaner, capping machine etc.

### Technical Data:

Electrical: 230 V, 50 Hz

Air pressure: 6 bar

Dimensions:

Width: 600 mm, Length: 1400 mm, Height: 1900 mm-2100 mm adjustable
